

Like a Boy at 50 Bubbling Over With Vitality—Taking Iron Did It

Doctors say Nuxated Iron is Greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 200 per cent. in two weeks' time.

Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination. He had been suffering from weakness for some time, and I was astonished to find him with the blood pressure of a boy of 30 and as full of vigor, vim and vitality as a young man. In fact, a young man he really was, notwithstanding his age. The secret he said was taking iron—Nuxated Iron had filled him with renewed life. At 80 he was in had health; at 85 overworked and nearly ill. Now at 90 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and sassafras concoctions and take simple Nuxated Iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can

IT MAKES LITTLE DIFFERENCE WHAT YOU NEED—A WORLD "WANT" AD. WILL GO AND GET IT.

MISSING BOY IS BACK MINUS BANK'S \$752

Two Genial Strangers Relieved Him of Spoils and He's Glad to Get Here.

Christopher Larkin, aged seventeen, of No. 106 West Ninety-fourth Street, arrived at Police Headquarters to-day after an exciting trip to California and back. He is a bright, fair-haired lad who collected \$752 for the Atlantic National Bank on April 4 last and disappeared.

"I had heard so much about glorious California," said Larkin, "that I simply had to go and try it. I met two fine, generous Californians on the train. They promised me my choice of two jobs when we got to San Francisco. I missed them at Oakland, and when I felt in my pocket I found that they had taken my money. I tried to get work, but every man I saw had no use for me. Gee! I was glad to see the lights of New York again, even if I am a prisoner."

More than 400 "supers" appear in one scene in "Billie Burke's Film," "Gloria's Romance."

When people visit the Vitaphone studio at Bay Shore, Ralph W. Ince slips them into a picture when they're not looking.

Charles Dickson has finished a Frank Daniels comedy called "Gus and His Luck" for the Vitaphone. Emphasizing the importance of the educational side of its programme, the Vitaphone management is announcing for next week a film showing the ruined City of Pompeii. It is called "The City of the Dead."

Douglas Fairbanks expects to spend the summer on a motorboat. He has one in mind which will carry a crew of four and an ice box.

Ben H. Grim, a New York newspaper man, has become press representative of the York Film Corporation, the new producing company relocating through the Metro. Harold Lloyd and May Allison are the York stars.

Lula Warrenton, character actress, has been assigned a company of her own at Universal City and will direct one-reel films designed especially for children. Her first will be "Calling Lindsay," in which a little colored girl named Jones plays the lead.

Elaine Sterne, entertained at the Fifty-first Street Theatre night before last with a film party. She took a dozen people there to see "Sorrows of Love," which she wrote for the Theatre. The audience paid as much attention to Miss Sterne as it did to the pictures. "Sorrows of Love" proved very interesting.

Daniel Frohman was caught by the motion picture camera the other day holding a check for \$1,000 in his hand. It was a donation to the Actors' Fund. Mr. Frohman was not made at all nervous, either by the camera or the check.
